Numbers are only for transactions through the MILS system. If you joined during this time, you will need to combine with your previous system's numbers.

2017 numbers are compiled from a cross-tab of checkouts by item location and patron home library. Usually ILL numbers come from the owning/home report, but the number of new member libraries has skewed that report for this time period.

Please see MILS Statistics webpage for description of source and explanation of numbers.
