- Circulation counts a library's patron's activity (checkouts and renewals). Therefore it includes **incoming** interlibrary materials, not *outgoing*.

- Circulation division of Adult / Juv / Other is from the **Item Collection Code**.

- YA Collection Codes are included with Juv.

- Library of Things and Equipment Collection Codes are counted as "other". *

- ILL includes MaineCat transactions and borrowing between MILS libraries. If you do significant amounts of ILL outside of those means, you will need to add that number yourself.

- Walk-in borrowing is counted with ILL

* I noticed that some libraries have things like passes, equipment, and Library of Things Item Material Types, but do not have matching Collection amounts. In future, if you want those counted, they need have the Collections. Submit a ticket if you need advice.

- Circulation is from Simply Reports: Item Statistical Report > Check Out by Item Assigned Code

- Incoming ILL is from Reports Manager Circulation by Items Assigned Branch

- Outgoing ILL is from Simply Reports: Patrons statistical reports > Checkout by Patron Branch & Simply Reports: Patron statistical Reports > Check Out by Patron Code
